Healing Garden

COMMEMORATIVE OPPORTUNITIES

The St. Francis Foundation is excited to bring a Healing Garden to the Mosaic Medical Center-Maryville, Cancer Care Entrance. As patients, families, and caregivers enter the garden, commemorative bricks will line the walkway. We hope this garden nourishes the soul of all who enter it, and that the bricks provide a sense of hope and encouragement to all those facing a difficult journey. The garden, as well as the parking and drop off area are solely funded through the generosity of donors like you. Purchasing a commemorative brick will not only help us build the garden, but allow us to continue to serve our local cancer care patients through assistance with transportation, prescriptions, medical equipment, and meals. Thank you for your continued support!
